

## Fairmilehead PF56 Beat-letter

Welcome to the Fairmilehead beat letter which I intend to give you details of the crimes recorded in the area each month.

October was a good month with only 11 crimes recorded and 6 of these were solved.

There were 4 crimes/offences where property was damaged.

These occurred in the Buckstone and Pentland areas.

There were 4 crimes of dishonesty, 2 of these crimes resulted in items being stolen and the other 2 were obtain money fraudulent means.

These occurred in Buckstone, Comiston and Pentland areas.

There were 3 other crimes of disorder, violence and road traffic offence.

These occurred in Forgston and Pentland areas.

Unfortunately I am not able to provide more detailed locations due to the data protection act.

My main concern last month was the bogus workmen were out and about which resulted in a crime of fraud being committed.

As a result of this I am looking for any watches that may be interested in creating a No Cold Calling Zone to try and reduce this type of crime

If you wish any further details of anything mentioned in the letter, please do not hesitate to contact myself
